Call from Tom  
Singair b/c he  
had not replied  
to my last follow-  
up phone call

Tom said everything  
is in order re WPH,  
that development  
that's been completed  
since Sept. intro (harbor  
house & launch ramp)  
is all part of approved  
plan.

Tom said Ellen was  
concerned that landscaping  
had been done (since  
Sept. intro) but she now  
knows all landscaping  
has ceased b/c of phone  
clarification from Mark &  
me.

temporarily discontinued  
b/c of exorbitant costs  
(our opinion) for what had  
initially been described by  
Ellen at mtg. as a  
couple of driving modifi-  
cations. I said we knew  
the process still has to be  
completed.

Tom said he wanted us to  
be assured that we are  
on track and not to worry.  
He said nothing about fines  
or Mack's response letter.

Remainder of conversation  
was personal re. his  
family's health issues\*  
and my Mom's current  
hospice status & declining  
health. Tom was very  
empathetic and supportive.
